■ Title

Health & Safety Policy Statement

■ Introductory Statement

This policy statement was adapted to the current format in accordance with the guidelines of the Primary Professional Development Service. Our previous Safety Statement was reviewed and updated to take into account the most recent legislation in regard to Health and Safety. It was disseminated to the wider school community through the school website and ratified by the Board of Management on the 26th of September, 2013.

■ Rationale

It is a legal requirement under the Safety, Health and Welfare at Work Act, 2005 for every employer, in conjunction with employees, to prepare a Health and Safety Statement. It represents the Board of Management (BOM)'s commitment to safety and health, and specifies the manner, the organisation and the resources necessary for maintaining and reviewing safety and health standards.

The BOM wishes to document their health and safety programme and make it available to all employees, outside services providers and Inspectors of the Health and Safety Authority.

■ Relationship to Characteristic Spirit of the School

According to our Mission Statement Cloghogue N.S. strives to provide a well-ordered, caring, happy and safe environment for our pupils. In keeping with this philosophy our Health and Safety policy emphasises the importance of the health and safety of our pupils and that of all school employees. The Board of Management of Cloghogue N.S. recognises the importance of the Legislation enacted in the Safety, Health and Welfare at Work Act, 2005. This Safety Statement sets out the Safety Policy of the Board of Management of Cloghogue N.S. and sets out the means to achieve that policy. The Board of Management's objective is to endeavour to provide a safe and healthy work environment for all our employees and pupils and to meet our duties to members of the public with whom we come into contact. This policy requires the co-operation of all employees.

It is our intention to undertake regular reviews of the statement in light of experience, changes in legal requirements and operational changes. The Board of Management will undertake to carry out a safety audit annually and report to staff. This inspection / safety audit will be carried out more frequently if requested by either staff or the Board of Management. All records of accidents or ill-health will be monitored in order to ensure that any safety measures required can be put in place, wherever possible, to minimise the recurrence of such accidents and ill-health.

■ Aims

- to create a safe and healthy school environment by identifying, preventing and tackling hazards and their accompanying risks
- to ensure understanding of the school's duty of care towards pupils
- to protect the school community from workplace accidents and ill health at work
- to outline procedures and practices in place to ensure safe systems of work

Persons coming onto the school premises must identify themselves clearly to whoever answers the door before gaining admittance to the school premises. Any contractor should make direct contact with the Principal, or Vice Principal before initiating any work on the school premises. All outside facilitators, teachers, coaches etc. who are delivering workshops to pupils will do so under the supervision and direction of the class teacher. Any outside professionals working with children without such supervision must have appropriate qualifications and Garda vetting.

3. Wet Days

On wet days, children will be supervised indoors. The pupils stay in their classroom, where they read, draw, play board games or chat.

4. Emergency Closures

On occasions where school is in progress and it becomes necessary to close the school for safety reasons, the school bus operators and parents who bring their children to school are contacted. Every effort is made to ensure that all parents are made aware of the situation through Text-a-Parent, local media, school website etc. Transport home is arranged and where there is nobody at home pupils can stay with neighbouring parents with their own parents' consent. In instances of staff members' vehicles being used to bring pupils home, it is policy to carry additional pupils to ensure that a pupil will not be alone in the vehicle with a staff member at any time.

Goalpost Safety Plan

Guidance for the general procurement, installation, maintenance, storage and other related matters.

All goalposts should be anchored, weighted, pinned, chained, pegged or otherwise made secure so as to prevent overturning.
- 2 Before assembly of equipment check that it is not damaged and that it is fit for use. Check for damages to nets, joints and that locking devices are in good working condition.
- 3 Check that the equipment for securing the product is intact and in good working order.
- 4 When goalposts that are tall or heavy are being erected/assembled, it is recommended that heavy lifting equipment is used and that correct tools for the job are used at all times. Assembly and erection of goals should be carried out by sufficient number of persons.
- 5 Consideration should be given to the proximity of overhead electrical cables during the erection and transportation of goalposts.
- 6 When dismantling goalposts follow the assembly instructions and recommendations. Ensure all ground sockets have been suitably blanked off when goalposts have been taken out to eliminate trip hazards.
- 7 Portable goalposts should be dismantled or removed to a secure area when not in use following the recommended storage instructions by the manufacturer/owner.
- 8 Moving: If a piece of equipment must be moved, and no transportation wheels are provided, the equipment should be lifted by a sufficient number of competent persons to prevent injury and to prevent damage to the product.
- 9 Procurement: All new goalposts should be purchased from manufactures/suppliers that comply with the following standards I.S.EN 748, I.S.EN 749, I.S.EN 750 and BS 8462. All products should carry a manufactures label and safety warning label. The manufacturers label should include instructions for installation, storage, dismantling, inspection and maintenance.

Dignity at Work: Building & Maintaining a Positive & Effective Work Environment

- The Board of Management of Cloghogue N.S. has adopted the following as part of the school's Health & Safety Statement.
- This document was formulated in light of a number of background documents, including the Health & Safety Authority's *Code of Practice for Employers and Employees on the Prevention and Resolution of Bullying at Work* (2007) and the Equality Authority's *Code of Practice*, given legal effect in the Statutory Instrument entitled *Employment Equality Act 1998 (Code of Practice) (Harassment) Order 2002* (S.I. No. 78 of 2002).

A. Core Principles

This school is committed to a positive work environment where work is done in an atmosphere of respect, collaboration, openness and equality.

Adult bullying and harassment in the workplace are phenomena which this school will seek to prevent and will not tolerate. All employees have the right to be treated with dignity and respect. Management is committed to intervening in an appropriate manner - utilising one of the accepted Management/INTO procedures - to investigate and deal with allegations of bullying or harassment. The provisions of Circular 40/97 on *Assaults on Staff in Primary Schools* will be utilised as appropriate.

B. What is Workplace Bullying and Harassment?

The Board of Management adopts the definition of adult bullying as set out by the Task Force (2001):

"Workplace Bullying is repeated inappropriate behaviour, direct or indirect, whether verbal, physical or otherwise, conducted by one or more persons against another or others, at the place of work and/or in the course of employment, which could reasonably be regarded as undermining the individual's right to dignity at work. An isolated incident of the behaviour described in this definition may be an affront to dignity at work but, as a once off incident, is not considered to be bullying".

Harassment is covered by Employment Equality legislation and is based on a person's standing within one of the nine categories (or grounds) specified in that legislation (gender, marital status, religion, sexual orientation etc.) Harassment is defined in law as "*unwanted conduct*" related to one or more of the discriminatory grounds which "*has the purpose or effect of violating a person's dignity and creating an intimidating, hostile, degrading, humiliating or offensive environment for the person.*"

It is recognised that bullying and harassment complaints may arise among work colleagues but may also arise in relation to visitors to the school. In either case, the commitment to a positive workplace, where dignity at work is respected, prevails.

C. A Positive Work Environment

It is agreed that we will all work to make this school a happy place to work. A happy place to work has a positive work environment characterised by

- Our Catholic Ethos and our Ursuline Philosophy
- A supportive atmosphere
- Good and open communication (e.g. through opportunities at regular staff meetings)
- Appropriate interpersonal behaviour
- Collaboration
- Open discussion and resolution of conflict
- Recognition, feedback and affirmation as appropriate
- Fair treatment of all staff (including fair systems of selection and promotion in line with agreed procedures)

Every person has a responsibility to play his/her part in contributing to a positive work environment. In this regard, a person who is a witness or bystander has a clear responsibility to raise concerns about dignity at work and threats to this, in an appropriate and timely manner.

The Safety Statement - as mandated under the Safety, Health and Welfare at Work Act 2005 – will also include a commitment to a positive work environment, in light of the Employer's obligations as outlined at Section 8 of that Act, including the duty to manage work activities in such a way as to prevent "*improper conduct or behaviour*" likely to put health and safety at risk.

It is agreed that the adoption of this policy in our school will be accompanied by a number of steps to examine our work environment and, as necessary, to agree changes which reflect a commitment to dignity at work. These steps will be initiated by Management, and be repeated by way of review at appropriate intervals.

The actions to be undertaken may generally be described as Identification, Assessment, Implementing Strategies and Monitoring.

D. Adult Bullying as a Problem

Our school recognises that Adult Bullying and Harassment are problems where they occur in any workplace.

Bullying behaviour generally amounts to psychological abuse which causes serious pain and suffering. Studies have shown that any person may become a target, irrespective of their personality or ability. In addition to its unacceptable effects on persons who are its targets, workplace bullying and harassment is extremely detrimental to organisational effectiveness.

Bullying may include behaviours such as:

- Verbal abuse/insults, undermining remarks
- Excessive monitoring of work
- Withholding work-related information
- Exclusion with negative consequences.

Such behaviours need not and should not be part of a workplace. This policy aims to ensure that a positive environment prevents such behaviours from occurring. Where bullying or harassment does occur or is alleged to have occurred, there are means of tackling it through the agreed procedure.

E. What Happens if there is an Allegation of Bullying or Harassment?

Without prejudice to an individual's right to take such advice or steps as they themselves may decide, the Board of Management will take seriously any allegations or workplace bullying or harassment.

Supportive and effective procedures, in accordance with nationally-agreed practice, are in the place in this school. These procedures to address and investigate allegations will focus on the earliest possible resolution, will proceed as necessary from informal to formal stages and will have a stress on confidentiality.

F. Summary

Management has a duty of care towards employees. Similarly, employees have a duty of care towards one another. This policy seeks to set out principles and practices to support the exercise of that duty in our school.

Just as inappropriate and undermining behaviour among work colleagues is taken seriously, so is such behaviour when perpetrated against an employee of this school by any other person.

Together we are committed to building and maintaining a work environment where respectful, open and equal relationships are the norm.

In summary, we are committed to having a positive, happy place to work.
